Reference Letter for Randy Smith and Tiffany Hawkins.

Land Expropriation Experts and Specialists.

Randy and Tiffany are outstanding attorneys in the land expropriation field. Recently, I hired them to represent me in an expropriation case against the Lake Charles Harbor & Terminal District. Randy was the team leader and court mastermind. Tiffany was the incredible researcher, constructor of all the case information, deposition extraordinaire, and trial exhibit preparer. She's a tiger in the courtroom too.

Randy's court presence and knowledge is exceptional. He managed the team and proceedings showing his vast experience at every turn. I was very impressed.

In addition, they have a team of specialists to call on as Expert Witnesses and a Visual Specialist for the courtroom exhibits and documents. They have quite the team behind them.

Naturally, we won the case. I give Randy and Tiffany my highest recommendation as attorneys for land expropriation issues.

Sincerely,
